About the IAHM

The Irish American Heritage Museum was founded in 1986, as a not-for-profit educational institution. A 501(c)3 corporation, the organization is chartered by the New York State of Regents, receiving its permanent charter in 1992. The Irish American Heritage Museum explores the contributions, history, and culture of Irish people in America, and fosters dialogue and exchange between America and Ireland today. By sharing our stories, we strive to create connections and community between all Americans, as we appreciate and study the universality of the immigrant story in American history.
